To Whom It May Concern:

It is a privilege to have the opportunity to submit a recommendation letter supporting the nomination of Mr. Jason Fraser-Nash as Graduate Student of the Year in the SEAHO Region. Over the last two years, I have known Mr. Fraser-Nash in my capacity as a doctoral student and Graduate Hall Director (GHD) at the University of Florida (UF), and have interacted with him in both a personal and professional capacity.

In his role as a graduate student and GHD, I have had the opportunity to witness his enthusiasm for and commitment to scholastics as well as his profession. Drawing upon his invaluable experience in Corporate America, Mr. Fraser-Nash has become a true leader who extends himself to members of his team in a manner that displays a degree of understanding, a level of expertise, and a passion for the overall development of his team that is anchored by his own drive. It was apparent to me early on that he was a natural leader and purposefully driven by a strong desire to succeed. No matter the situation or personnel, Mr. Fraser-Nash will find a way to flourish as a team and accomplish the task at hand.

Personally, I have come to know Mr. Fraser-Nash as a supportive, engaging and thoughtful individual-a reflective person who values the insight of others. Furthermore, his actions clearly demonstrate his dedication and passion for higher education. These character qualities coupled with his academic preparation position him well as an applicant.
